# ABOUT US

Welcome to IDT Educations, where creativity and innovation thrive. With 8 branches across Maharashtra, we nurture the designers of tomorrow. We partner with NBVTE (National Board of Vocational Training Education) and IMB (Istituto di Moda Burgo, Milan) for globally recognized education. Offering Interior and Fashion Design programs, we prepare students for the growing design industry. IDT fosters creativity with a scientific approach, providing practical and academic learning. Our state-of-the-art labs and classrooms offer the perfect environment for innovation. Students are encouraged to think beyond the ordinary and refine their design instincts.

We provide hands-on learning through workshops, competitions, and industry exposure. Our holistic approach enhances both technical skills and soft skills. Certified from IDT are ready to make an impact in the global design industry.

# / DIRECTORS DESK

At IDT Educations, our mission is to nurture the creative spirit of students from Maharashtra, empowering them to become skilled d designers who proudly carry the 'Made in India' brand across the world. We are committed to developing a vibrant community of interior and fashion designers who not only excel within India but also showcase India's design excellence on the global stage. Our focus is on shaping contemporary designers with the skills, creativity, and confidence to make an impact, and ultimately, to elevate Indian design to international acclaim."

---

"At IDT Educations, we are not just imagining the future of design, we are actively building it. Our vision is to lead the way in creating India's very first design cluster, a groundbreaking initiative that brings together ten to twelve unique disciplines under one roof. This integrated hub will provide aspiring designers with unparalleled access to a diverse range of creative fields, enabling them to explore, innovate, and specialize in ways never before possible in India. We believe in fostering an ecosystem where design education is limitless, interconnected, and forward thinking, shaping the next wave of global design leaders."

# INTERIOR DESIGN INTRODUCTION

Interior design is the art of creating functional and visually appealing spaces that enhance the quality of life. It involves a blend of creativity, technical expertise, and understanding of human behavior. Designers carefully consider color, lighting, layout, and materials to shape environments that reflect the client's vision and needs. Whether for residential, commercial, or hospitality projects, interior design aims to create spaces that are both beautiful and functional. By harmonizing form and function, interior designers improve the overall experience of a space, promoting comfort and well-being.

We strive to transform environments into places that inspire, connect, and elevate. Our approach is rooted in innovation, sustainability, and timeless design. Every project is a journey to create meaningful, personalized spaces that stand the test of time.

# FASHION DESIGN INTRODUCTION

Fashion design is the art of creating clothing and accessories that blend aesthetics, functionality, and innovation. It involves an understanding of fabric, color, texture, and pattern to craft garments that reflect individual style and cultural trends. Fashion designers combine creativity with technical skills to develop collections that make a statement and cater to diverse needs. From haute couture to ready-to-wear, fashion design explores a wide range of expressions, shaping the way people present themselves to the world. It is a dynamic field that embraces change, sustainability, and technological advancements. Fashion designers push boundaries to create garments that are not only stylish but also comfortable and practical. Our approach to fashion design is rooted in creativity, craftsmanship, and a deep appreciation for the art of self-expression.

# IDT ALUMNI TALKS

IDT has been a pivotal stepping stone in shaping my career and creativity. The college's hands-on approach to teaching and its focus on industry-relevant skills made all the difference in my professional journey. After graduating, I had the privilege to work with Asian Paints, where I applied the design and management skills I honed at IDT. Moreover, I successfully completed an independent project for a dental site, which allowed me to explore my creativity and project management abilities further. IDT not only gave me technical expertise but also nurtured my confidence to take on challenges and excel in diverse fields. I'm deeply grateful for the guidance, opportunities, and lifelong connections I made during my time there. If you're passionate about design and innovation, IDT is where your dreams take flight!

# IDT ALUMNI TALKS

IDT Education is more than just classes and exams. It was where I discovered who I truly am. The challenges, the late nights assignment— they all carved and shaped me into who i am today. There were moments I doubted myself, but those struggles and IDT staff and director guidance taught me resilience and made me ready for the world. IDT Education wasn't just a degree; it was the foundation for my future." I would like to thank the IDT Education director Mr. Mahendra Shewale sir and staff for always being so kind and helpful throughout my journey.

IDT Education wasn't just about academics; it is a place where one can have immense personal growth. I learned to manage my time, make independent decisions, and step out of my comfort zone from our respected teachers. IIDT also made me learn challenges I faced—balancing course work, jobs, and social life—taught me resilience and adaptability. I graduated with not just a degree but a newfound confidence in myself. I would like to thank the IDT Education team for providing me opportunities and the best place to develop my career.
